

65" Wide Format Laminate

The RSC-1651LS is a high quality, economically priced cold laminator specifically designed for users to easily and professionally finish wide format graphics. Built for safety and ease of use, this sturdy machine is perfect for laminating and mounting pressure-sensitive graphics up to 65" wide. It has a durable, sturdy frame construction and requires little assembly and minimal maintenance.

Key Benefits

- Easy to use digital controls on front and stylish rear remote and foot pedal for easy one person operation
- Idler bars add tension and help to eliminate wrinkling while laminating
- Wide sturdy frame construction with double cross bar supports for additional stability and durability
- Quick Notch system for gap adjustment and easy webbing
- Rear cross cutter for removing laminated documents as they exit the back
- Castors on stand make it easy to move around the shop

The RSC-1651LS allows you to easily handle the largest prints, banners, posters and signs. The RSC-1651LS is designed for use with pressure sensitive laminating films, mounting adhesives and backing films. This machine is incredibly easy to use and since there is no heat required the laminator is ready immediately to laminate and finish your documents in just minutes. By adding the optional Front Feed and Rear Wind-Up Assemblies, automatic roll to roll lamination is made simple. Backed by over 25 years of experience, the RSC-1651LS is a smart option for today's sign shops
